In the Matter of:

THE NOTICE OF PURCHASED)	CASE NO.
GAS ADJUSTMENT FILING OF)	8678-I
WESTERN LEWIS-RECTORVILLE)	and
WATER AND GAS DISTRICT)	8678-K

O R D E R

On March 1, 1983, the Commission issued its Order in Case No. 8678 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased or a refund is received.

On April 10, 1984, in Case No. 8678-I and April 16, 1984, in Case No. 8678-K Western Lewis-Rectorville Water and Gas District ("Western Lewis") notified the Commission that its wholesale cost of gas would be decreased by its supplier, Columbia Gas Transmission Corporation ("Transmission"), effective March 1, 1984, and submitted with its notice certain information in compliance with its purchased gas adjustment clause on file with this Commission.

After reviewing the record in this case and being advised, the Commission is of the opinion and finds that:

(1) Western Lewis' notices of April 10, and April 16, 1984, set out certain revisions in rates which Western Lewis

proposed to place into effect, said rates being designed to pass on the wholesale decrease in gas cost in the amount of 1.61 cents per Dth.

(2) On January 30, 1984, Transmission filed an application with the Federal Energy Regulatory Commission for rates to become effective March 1, 1984. On February 6, 1984, in Case No. 8678-G, Western Lewis requested permission to track Transmission's rates. By Order issued February 14, 1984, the Commission approved Western Lewis' filing effective March 1, 1984.

(3) On March 7, 1984, in Case No. 8678-H, Western Lewis notified the Commission of a proposed decrease in rates to reflect the expiration of its contract with Columbia LNG Corporation. Western Lewis would increase its purchases from Transmission to replace volumes formerly purchased under this contract. By Order issued March 30, 1984, the Commission approved Western Lewis' decrease effective April 1, 1984.

(4) Subsequent to Western Lewis placing rates authorized in Case Nos. 8678-G and 8678-H into effect, Transmission filed on April 4, 1984, revised tariffs to be effective March 1, 1984.

(5) Due to the retroactive nature of Transmission's decrease, Western Lewis should report to the Commission any excess revenues collected during the period from March 1, 1984, to the date the proposed rates are implemented, along with a plan to refund any excess collections to its customers.

(6) Western Lewis' adjustment in rates under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 8678 dated March 1, 1983, is fair, just and reasonable

and in the public interest and should be effective with gas supplied on and after March 1, 1984, and April 1, 1984.

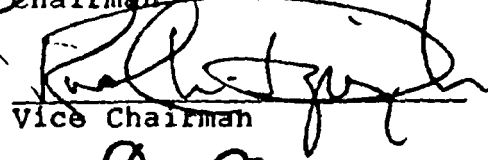

IT IS THEREFORE ORDERED that the rates in the Appendices to this Order be and they hereby are authorized effective with gas supplied on and after March 1, 1984, and April 1, 1984, respectively.

IT IS FURTHER ORDERED that within 30 days of the date of this Order Western Lewis shall report to the Commission any excess revenues collected during the period from March 1, 1984, to the date the proposed rates are implemented, along with a plan to refund any excess collections to its customers.

IT IS FURTHER ORDERED that within 30 days of the date of this Order Western Lewis shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 30th day of April, 1984.
